

Sabre STEM Scholarship

Program Description

Sabre STEM Scholarship Program

The Sabre Science, Technology, Engineering and Math (STEM) Scholarship is designed to support graduating high school seniors planning to further their education in one of the STEM disciplines. Through the STEM scholarship program, Sabre is doing its part to help build a competitive workforce of scientists, technologists, engineers and mathematicians in order to sustain our growing global economy and to meet the increasing demands of the 21st century.

Sabre will award four (4) \$1,500 non-renewable scholarships to high school seniors that meet the eligibility criteria as described below.

Selection Criteria

Scholarships will be awarded using the following criteria:

- Academic records
- Personal Statement
- STEM Activities/Experience
- Letter of Recommendation

Award

The award winner will be presented with a certificate by a local Sabre representative prior to the end of the school year. The local committee member for each region will contact the award winner(s) to determine how and when the certificate will be presented. The award check will be sent directly to the college or university once the student is enrolled.
